

# Thompson Retractor Innovations for Bookwalter, Omni, & Synthes Users

Thompson Retractor 

- INFINITE HEIGHT RAIL CLAMP
- S-LOCK® COMPONENTS
- ANGLING HANDLES
- RADIOLUCENT BLADES
- ILLUMINATION ACCESSORIES

Don't Let the Competition Get in Your Way.

# Innovation In Surgical Retraction

Thompson Surgical Instruments, Inc. is the market leader in surgical retraction and the original manufacturer of the table mounted retractor. In use for over 50 years, the Thompson Retractor is the only mechanical retractor to offer one frame for all exposure needs, multi-planed independent retraction, and unlimited customization.

We understand the value of exposure in successful surgery and are dedicated to providing innovative, high quality retractor systems that deliver safe, versatile, low-profile retraction.

Thompson Surgical Instruments offers a range of innovative components for Bookwalter, Omni, & Synthes users. These components enable surgeons in multiple specialties to benefit from the Thompson Retractor for uncompromised exposure.

**"The Thompson Liver Transplant / Resection System is the best retractor system available."** —Michael Angelis MD

## New + Improved Infinite Height Rail Clamp

- Adjustable design prevents post from interfering with operating space
- Easily adjusts to infinite height settings between 13" - 22"
- Stable design

### RECEIVE A DISCOUNT WHEN YOU TRADE IN YOUR RETRACTOR

Trade in an entire system, or individual parts. We accept all retractors, including competitor brands: Omni, Bookwalter, Synthes, etc.

### 30 DAY FREE TRIAL

Try out any of our new components on a 30-day FREE TRIAL and decide for yourself which components you would like to upgrade.

### INFINITE HEIGHT RAIL CLAMPS (IHRC)

ITEM DESCRIPTION	PART #
Infinite Height Rail Clamp with 1 Cam Joint for Omni-Tract	41908IRC
Infinite Height Rail Clamp with 1 Cam Joint for Bookwalter	41909IRC

- Precise blade placement
- Swivel aligns on tissue
- Lock when swivel is not desired

## Upgrade to Uncompromised Exposure with S-Lock®

S-Lock® Retractor Handles and Blades allow for precise retraction without unwanted movement or rotation to ensure stable retraction in any plane. The swivel locking feature is simple and easy to use creating a safer operation with reduced time spent repositioning blades.

**1** Simply insert blade nipple into handle by pushing button. Release button with handle on the "swivel" groove and swivel to desired position.

**2** Lock blade in position on the "lock" groove by pushing the button again and pressing straight down over the handle.

## S-Lock® Handles & Blades

- LOOK FOR THE "" SYMBOL ON ALL HANDLES
- S-Lock handles have serrated faces that match up with serrations on S-Lock blades.

### S-LOCK HANDLES AND BLADES

Upgrade blades to S-Lock and combine with S-Lock Handles to eliminate unwanted blade movement. No other system compares.

## Angling Technology

The Thompson Angling Retractor Handles provide versatile, low-profile positioning of retractor blades allowing surgeons to maintain a low-profile operating field. Our competitive adapter handles (available as angling and non-angling) enable you to adapt any Thompson Interchangeable Blade to a Bookwalter, Omni, and Synthes Retractor System. Try them with S-Lock® Technology!

### BOOKWALTER ADAPTER HANDLES

Adapts any Thompson Interchangeable Blade to the Bookwalter Retractor.

S-Lock Angling	SL45005AL
S-Lock (non-angling)	SL45005L
Angling	45005AL
Non-Angling	45005L

### OMNI ADAPTER HANDLES

Adapts any Thompson Interchangeable Blade to the Omni Retractor.

S-Lock Angling	SL45004AL
S-Lock (non-angling)	SL45004L
Angling	45004AL
Non-Angling	45004L

### SYNTHES ADAPTER HANDLES

Adapts any Thompson Interchangeable Blade to your Synthes SynFrame or ProAccess Retractor System.

S-Lock Angling	SL45014AL
S-Lock (non-angling)	SL45014L
Angling	45014AL
Non-Angling	45014L

Angling technology offers Uncompromised Exposure without excess handles sticking up while also providing excellent instrumentation trajectory.

### RADIOLOGENT TITANIUM BLADES

- Titanium has similar properties to aluminum; lightweight, strong, and radiolucent
- Titanium does not stain like aluminum

Easily attaches to a retractor blade with a removable Lite Clip.

## Replace Your Headlight with the Lite Wand Xe or Retractor Lite Xe

The Lite Wand Xe and Retractor Lite Xe increase exposure by adding illumination and eliminating frustrations with headlamps and augmenting shadows. Low-profile, the Lite Wand Xe and Retractor Lite Xe easily clip on and project direct cool, bright light into the incision. Additionally, the bendable gooseneck allows the light to reach the deepest, hard to see cavities improving illumination where it is needed most.

### RETRACTOR LITE XE KITS FOR BOOKWALTER & SYNTHES USERS

Retractor Lite Xe with ACMI Cable	40001RX
Retractor Lite Xe with Storz Cable	40002RX
Retractor Lite Xe with Wolf Cable	40004RX
Retractor Lite Xe with Olympus Cable	40019RX

### LITE WAND XE KITS FOR OMNI USERS

Lite Wand Xe with ACMI Cable	40001X
Lite Wand Xe with Storz Cable	40002X
Lite Wand Xe with Wolf Cable	40004X
Lite Wand Xe with Olympus Cable	40019X

### ACCESSORIES

Lite Clip (included in Retractor Lite Xe and Lite Wand Xe Kits)	40026
---	-------

*Instrument Case and Lite Clip included in kits.*

Lite Clip allows Lite Wand Xe and Retractor Lite Xe to attach to any retractor blade.

*Lite Clips are radiopaque.*

## Exclusive Features

### LITE WAND XE

- Eliminates headlamp frustration
- Improves illumination in deep cavities
- Eliminates shadows
- Reusable
- Attaches to non-Thompson frames that are 1/2" in diameter

### RETRACTOR LITE XE

- Eliminates headlamp frustration
- Improves illumination in deep cavities
- Eliminates shadows
- Low profile, lightweight design
- Clips anywhere on blade with the Lite Clip
- Reusable
