

Refurbishment

Program and Policy

Your Thompson Retractor may be sent in and refurbished to like-new quality *. Free loaner sets are available while your equipment is being refurbished. Some limitations apply. Any refurbishments made outside of our facility will void the warranty. Contact your account manager for details.

* Refer to the Refurbishment Program sheet for all refurbishment costs.

* Discontinued or "beyond repair" products may require a replacement purchase.

* Thompson may be unable to refurbish or repair instruments that are beyond their life of 10 years.
