

## Trade-In + Upgrade Program

Upgrade to the latest Thompson Retractor and receive a generous trade-in discount

### Why upgrade?

To standardize your systems, improve your exposure with the latest and greatest technology, and reduce instrument counts.

### How it works:

#### 1. Contact Thompson

Call your Account Manager with your count sheet, or a list of your current components.

**NOTE:** The trade-in can include individual frame components or an entire system, including any non-Thompson retractor components (such as Omni<sup>®</sup>, Bookwalter<sup>®</sup>, Shadowline<sup>®</sup>, etc.)

#### 2. Send Us Your Old Retractor

When your new system is received, contact your Account Manager to make arrangements to have your old system ( or components ) sent back to us.

#### 3. Receive Your Discount

Once we receive your trade-in retractor, we will apply the discount to your Purchase Order.

### Not sure if you want to upgrade?

Try out any of our new components for FREE and decide for yourself which components you would like to upgrade.

# Thompson Retractor Upgrades:

## Elite III Rail Clamps

- Attach to OR bedrail in half the time \*
  - Improved, ergonomic joints
  - Weight reduced by 1 pound \*
