

Refurbishment

Program and Policy

Your Thompson Retractor may be sent in and refurbished to like-new quality *. Free loaner sets are available while your equipment is being refurbished. Some limitations apply. **Any refurbishments made outside of our facility will void the warranty.** Contact your account manager for details.

* Refer to the Refurbishment Program sheet for all refurbishment costs.

* Discontinued or "beyond repair" products may require a replacement purchase.

* Thompson may be unable to refurbish or repair instruments that are beyond their life of 10 years.

NOTICE

These are estimated costs only. Items may need to be replaced.

Thompson will not refurbish items that have been previously altered or refurbished by a third party. Items will either need to be replaced or will be sent back to the customer upon receipt.

**Covers standard refurbishment, if OneFrame™ arms need to be replaced, cost will be determined by parts and labor required. Inquire with your Account Executive for more details.
